About IJBAP :

International Journal Of Basic And Applied Physiology (IJBAP) is an Annual peer-reviewed International Medical journal, which has earned great reputation within short time. It is being published as per MCI norms & indexed in several agencies recognized by MCI. It is owned by SBAP. The Journal welcomes original research papers in all areas of Physiology.

Last date of submission of paper- 15th october 2018. For more details and submission visit www.ijbap.com. The Journal does not charge any fees from authors/scientists.

Editor in Chief : Dr. R. Dixit

Editor : Dr. Jasmin Diwan

Declaration of following National Awards for Important Achievements in Scientific field :

- 1) National Award for the best and unique innovation in any scientific field
- 2) National Award for Lifetime achievement as the best scientist in Physiology
- 3) National Award for the best young scientist of the year. (Age below 45 years)
- 4) National Award for the best teacher in Physiology
- 5) National Award for the best social services by a Physiologist

Eligibility Criteria : All nominees will be selected and declared amongst the delegates & Members of the SBAP only.

Awards consist of cash amount of Rs.11,000/- A Gold plated citation to be handed over at conference.

**Respected Elder Physiologists and Younger Colleagues,
Jay Bharat Varsh.**

In our Culture and Religion ; it is said-"PANCH TYAN PARMESHWAR" and so no one should never touch money/assets of the PANCH .

A society is a PANCH, village Panchayat is a PANCH, Government (state or central) is a PANCH.

An association or a conference is also a PANCH. A NGO is a PANCH, a Scientific Journal is also a PANCH.

The very purpose of foundation of the society of basic and applied Physiology, was to establish the highest standards of ethics and moral values in scientific field of Physiology. Because we had seen people "Eating away lakhs of Rupees" in the name of conferences! We had seen"Fake Journals, Fake Research articles and even fake research!"

All these must stop. For stopping fake research and publications of fake materials and for prevention of corrupt practices in scientific field; we must provide true scientific platforms to the young scientists and physiologists. This was the main purpose of foundation of " Society of Basic and Applied Physiology" as well as the purpose of the foundation of the " International Journal of Basic and Applied Physiology" which has been successful in establishing very high standards of ethics and moral values in the field of scientific publications.

In continuation of the above purpose, we have decided to organize " 4TH INTERNATIONAL CONFERENCE ON BASIC AND APPLIED PHYSIOLOGY" on 22-23 December 2018 at Haridwar, Uttarakhand, one of the most holy places in Bharat Varsh.

Theme of the Conference : "CLINICAL PHYSIOLOGY"

Developing clinical physiology skills amongst the young physiologist like:

- 1) Health-Check up Clinics**
- 2) Hypnotherapy and Yoga Therapy**
- 3) NCV and EMG Laboratories and doing tests regularly on patients.**
- 4) EEG, Polyrite and autonomic function tests on patients.**
- 5) TMT Laboratory, 2D Echo Tests.**
- 6) Sleep Laboratory and sleep studies on patients**
- 7) Intra-operative neurophysiological monitoring.**
- 8) Pulmonary function tests regularly to be done in patients.**

These skills are the key to success and survival of physiology as a prominent subject in medical world.

So, we invite you all including senior faculties, PG students and young physiologists to be witness of an event which might be an important turning point in history of physiology discipline. Organizing the whole event, is being executed in a very transparent manner, taking care of minimum expenses to the delegates and giving them an international scientific platform.

We want to welcome you in a land of the birth place of the greatest emperor of Bharat Varsh and real Father of the Nation "BHARAT VARSH"; Emperor Bharat which is 77 km from Haridwar, near Kotdwar, "The Kanya Ashram".

As we know, Shakuntala was the daughter of Rishi Vishwamitra and was raised and brought up in the Ashram of "Kanya Rishi". She married to King Dushyant who was a Chandravanshi kshatriya King. Prince Sarva Daman was born at Kanya Ashram to mother shakuntala.

When Sarva Daman became 12 years old, there was a Yagna going on at Ashram. A violent lion came and attacked on the gathering of yagna. Young boy "Sarva Daman" caught the lion at his neck and controlled the lion like a cow and prevented him from attacking the yagna.

When Sarvadaman became king after the death of King Dushyant, he conquered a vast land through many battles and he achieved "Vishwa Vijay" in most of the South East Asia.

When he was coronated as the Emperor, his name was changed to "Bharat" (The most decorated person in Sanskrit) and the vast land conquered by him was named as "Bharat Varsh". Thus Emperor Bharat is the real and only "Father of the Nation-BHARAT VARSH".

On basis of description in ancient text Adi Parva, the areas included currently in Bharat Khand are following:

Afghanistan, Bangladesh, Bharat, Pakistan, Nepal, Bhutan, Maldives, Srilanka, Myanmar

Kanya Ashram (77km from Haridwar, 6 km from Kotdwar), is the birth place of the Real Father of the Nation. It was the most important Tirth of my life when I visited the "Kanya Ashram".

Friends, Society of Basic and Applied Physiology has become the symbol of honesty, hard work and transparency in scientific world of our nation especially due to successful publication of its prestigious journal- "International Journal of Basic and Applied Physiology". It has established the highest standards of ethics and moral values in the field of Physiology. Your active cooperation and acceptance has played key role in this great success.

From this year, we are introducing beginning of 5 National awards in Physiology. In this series of bold, unique step ahead, Society of Basic and Applied Physiology has organized a unique "4th International Conference of Basic and Applied Physiology 2018" at Prem Nagar Ashram, Haridwar, Uttarakhand.

Haridwar is a natural national centre with rich spiritual, historical and tourist attractive places where you feel great and satisfied when you visit. You can come with family (who can arrange their own itinerary in groups).

It will be a great experience having the valuable presence of delegates from entire country and we hope to have presence of few foreign delegates also .

Thanking You.

Dr. Jayendrasinh Jadeja

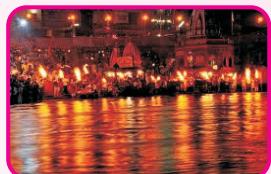

PREMNAGAR ASHRAM

Great opportunity to have "Ganga Snan" within the Premnagar Ashram premises.

HAR KI PAUDI

Lord Shiva and Lord Vishnu are believed to have visited the Brahmakund in Har Ki Pauri in the Vedic times.

PATANJALI YOGPEETH

Patanjali Yogpeeth in Haridwar, Uttarakhand, is one of the largest yoga institutes in India, possibly the whole world. Named after the Rishi Patanjali, the institute is Baba Ramdev's flagship project. Its purpose is to practise and research and develop yoga and ayurveda, as well as manufacture ayurvedic medicines. It is also the home of the University of Patanjali. Acharya Balkrishna is the General Secretary of Patanjali Yogpeeth

SHANTI KUNJ ASHRAM

Headquarter of Gayatri Parivar. Shantikunj has emerged over the years as a unique center and fountain-head of a global movement of Yug Nirman Yojna (Movement for the Reconstruction of the Era) for moral-spiritual regeneration in the light of Indian heritage

RISHIKESH

Rishikesh is a city of Uttarakhand. Located in the foothills of the Himalayas in northern India, it is known as the 'Gateway to the Garhwal Himalayas and 'Yoga Capital of the World'. It is known as the pilgrimage town and regarded as one of the holiest places of Hindus. Hindu sages and saints have visited Rishikesh since ancient times to meditate in search of higher knowledge

BADRINATH

Badrinath is a holy town and a nagar panchayat in Chamoli district in the state of Uttarakhand, India. It is the most important of the four sites in India's Char Dham pilgrimage and gets its name from the temple of Badrinath. Badrinath or Badrinarayan Temple is a Hindu temple dedicated to Vishnu, which is situated in the town of Badrinath in Uttarakhand, India.

KEDARNATH

Kēdārnāth Mandir (Kedarnath Temple) is a Hindu temple dedicated to Lord Shiva. It is on the Garhwal Himalayan range near the Mandakini river in Kedarnath, Uttarakhand in India. Due to extreme weather conditions, the temple is open only between the end of April (Akshaya Tritiya) to November (Kartik Purnima - the autumn full moon). During the winters, the vigrahas (deities) from Kedarnath temple are brought to Ukhimath and worshipped there for six months. Lord Shiva is worshipped as Kedarnath, the 'Lord of Kedar Khand', the historical name of the region.

MUSSOORIE

It has a nature walk known as "Camel's Back Road". This road takes its name from a rocky outcrop in the shape of a camel's hump. The road contains hotels and motels, and a cemetery is about mid-way on the loop. Company Garden a tourist attraction, has a large collection of flowers and plants.

NAINITAL

Nainital is a Himalayan resort town in the Kumaon region of India's Uttarakhand state, at an elevation of roughly 2,000m. Formerly a British hill station, it's set around Nainital Lake, a popular boating site with Naina Devi Hindu Temple on its north shore.
